airport terminals security duty free
this is my regular course this is my routine
seat back, alright, buckle up have a safe flight
these are my conversations this is how I've been living
and the heat of California don't compare
to the feeling that comes over me with the scent of
your hair
and the history in NYC don't have history like us
and the distance makes my heart grow fond
i can't wait to feel your touch

And everytime i go i count the days till i can hold your
hand
'coz i can't wait another minute i cant wait another
minute
and every time i fly i count the seconds down until i
land
'coz i cant wait another minute i cant wait until I'm back
on solid ground
i cant wait, i cant wait (no)
i cant wait, i cant wait (no)
i cant wait, i cant wait till im back on solid ground

clouds and mountains forests and oceans
these are the sights i see yeah this is our routine
single serving salt and pepper sugar cream oh no (no)
I'm ready for my dinner and a movie
and the novelty of London does get old (does get old)
and definitely don't compare to the way that you hold
(way that you hold)
and the beauty of a foreign land just reminds me of
you
and a phone call won't do, baby if only you knew

And every time i go i count the days till i can hold your
hand (i can hold hand)
cuz i can't wait another minute no i can't wait another
minute
and anytime i fly i count the seconds down until i land
cuz i cant wait another minute i cant wait till I'm back on
solid ground

and the sky is so familiar to my eyes
and I've seen it all from sunset to sunrise yeah
and the moment that i land i cannot wait to get outside
to call you up and let you know that i have arrived

And every time i go i count the days till i can hold your
hand (till i can hold you hand)
cuz i can't wait another minute (i cant wait)
no i cant wait another minute(i cant wait no no)
and anytime i fly i count the seconds down until i land
(down until i land)
cuz i cant wait another minute(i cant wait)
i cant wait till im back on solid ground (i cant wait
another minute)
i cant wait, i cant wait (i cant wait baby)
i cant wait, i cant wait (i cant wait)
i cant wait, i cant wait till I'm back on solid ground
