Once again you've crossed the line  
it's not a problem just a sign  
Take your time, make mistakes  
Don't you worry trust in faith  
I could turn away and say  
We're doomed by this forever  
I could try but I would fail  
We're ment to be together

Down the line I'm gonna stay in touch  
forgive and forget  
but you'll regret so much  
Down the line I'll be with you still  
always was and always will

Once in pain twice as strong  
part of life is moving on  
the magic way you look at me  
that's all that matters honestly  
I will stand by you and tight  
you feel you don't deserve it

It's my call or simple choice  
I could'nt just ignore it

Down the line I'm gonna stay in touch  
forgive and forget  
but you'll regret so much  
Down the line I'll be with you still  
always was and always will

I can see myself in you  
I've said the words I'm sorry  
cause mistakes I make them too  
it's waste of time to worry

Down the line I'm gonna stay in touch  
forgive and forget  
but you'll regret so much  
Down the line I'll be with you still  
always was and always will

Down the line you're gonna stay in touch  
forgive and forget  
but you'll regret so much  
Down the line you'll with me still  
always was and always will
