Andra:

i've got you so weak-kneed  
when i foot the bill, you will tip really kinky, you pro  
i know why you need me, baby  
but i'll still buy you meals til you leave me real broke

Lupe:

you moving too fast  
you moving too quick  
you're heavy on the gas  
you moving too swift  
you can't keep up the pace  
might not finish the race  
and i know you get rush  
when you hang around risk  
like how you make an impala lift  
but this ain't a car, this your heart  
and it's hard to be fixed  
you gon break if if you don't down shift  
but do it now fore it's too late to switch

Andra:

wake up to a violin  
don't you wanna taste of the way that i'm ballin'? huh?  
lay up on my island  
don't you wanna stay for a day, we'll be wilin', yup  
i know what you're thinking  
get up on my ship, baby quick, 'fore you sink in, just  
stop thinking  
start drinking  
stop talkin  
start fuckin

black cards  
white swans  
fast cars  
diamonds  
i got all the riches baby, money can buy

(lemme me take you home)  
true love  
it's shit  
my love  
six figs  
i got all the bitches baby, money can buy  
(but i'm still alone)

woke up with a model  
used to have a heart, now i'm nothin but hollow, oh  
i fell for the wrong ho  
tried to go far, but his love wouldn't follow, no  
try cope with my sorrow  
with another model  
with another bottle  
yeah i wanna  
stop thinking  
start drinking  
stop feelin  
start freakin

money money money  
buys these mansions  
money money money  
drives these cars  
money makes the ugly guys seem handsome  
we don't ever stand in line at bars  
money money  
is a cheap distraction  
money money  
never heals these scars  
money makes the ugly guys seem handsome  
money makes the slutty girls go far

black cards  
white swans  
fast cars  
diamonds  
i got all the riches baby, money can buy  
(money money money)  
true love  
it's shit  
my love  
six figs  
but i want all the riches, baby  
money can't buy  
(money money money)

love, money, love, money  
what i gotta do to get you honey  
love, money, love, money

what i gotta do to get you on me  
love, money, love, money  
tell me what you need  
baby can't you see i'm on my knees

black cards  
white swans  
fast cars  
diamonds  
i got all the riches baby, money can buy  
(money money money)  
true love  
it's shit  
my love  
six figs  
but i want all the riches, baby  
money can't buy  
(money money money)

i've got you so weak-kneed  
when i foot the bill, you will tip really kinky, you pro  
i know why you need me, baby  
but i'll still buy you meals til you leave me real broke
