I'll never leave you, never forsake you
No matter what you're going through
I've got good news for you
I'll be with you, always

I'll never leave you, never forsake you
No matter what you're going through
I have good news for you
I'll be with you, always

And when sorrow comes
And there's no other place to run
Just look to me and I'll be there
Just a whisper of a prayer
I'll be with you always

I'll never leave you, never forsake you
No matter what you're going through
I have good news for you
I'll be with you, always
In stormy weather, it is my pleasure
I want to take care of all your needs
Trust me and you'll see
I'll be with you, always

And when trouble comes
And there's no other place to run
Just look to me and I'll be there
Just a whisper of a prayer
I'll be with you, always

I'll never leave you
I won't forsake you
I won't let you down
I'll be with you, always

Never, I won't run away
I'll be right here
And heal you when you're in pain
I'll be with you, always

(no matter who you are)

And never walk away from Him
(no matter what you need)
No matter what you do, I don't care what you've done

God will always be there
No matter what you're going through
I have good news for you
I'll be with you, always

Whoever you are
You might be driving in your car or at home
But God made us a promise
There will be times in our lives when things will happen

But guess what? God will always be right there
I know He's been with me, be with you
Always
Forever, forever, always
