All my friends are wondering about the change that's
come over me
Ever since I accepted the man from Galilee
Well how can I explain something that I've never, never
known before?
It's like walking in the sunshine after a cold and dreary
day

Chorus:

I've got that satisfied feeling down in my soul
Satisfied feeling down in my soul
I've got that satisfied feeling down in my soul
Satisfied feeling down in my soul, all right, yeah!

Chorus

This joy in the Lord was so wonderful, I wanted a little
bit more
So I got down on my knees and lifted my hands and
I began to praise the Lord
Something started moving way down in the bottom of
my soul
Right then that day, you know the Lord filled me with
the Holy Ghost

Chorus

I'm satisfied, I'm satisfied
because he satisfied me. he satisfied me
satisfied satisfied...
