I am the frontman  
I am the death angel  
I come from apocalyptic past  
I come back, so it was written

I come bringing my silver bird  
And when I fly down  
I pour out bombs on you  
Good and Bad - Dying  
Fuck off - This is my mission

Fire in hell, fire in the sky  
Fire in your mind, fury in your eyes  
I was the envoy of God  
To destroy this shit at all  
You had another chance  
And they wasted again

Now you're stupid humans  
I pour out the fury on you  
Their advanced technology  
Their guns, their shields, nothing

I come from apocalyptic past  
I come back, so it was written
