People around you  
And the fear of losing your life  
Pain wraps your soul,  
Lady death will appear from the night  
Fear of the death  
While your body is destroyed on a bed  
Heaven is your hope  
But hell is what waits you instead

It stole my life  
It stole my soul  
It came as my lady death

My rotten mind, blood stops to flow  
Together decomposed rests

Black Mantle spills all the blood  
And ou can't feel the blow  
Death let me rest,  
This desease is consuming my soul  
Discord schyte, you wont get me even

With a trap  
After this pain there's always time for  
Paying back

The time is passing, swearing and belessing,  
You try to reach out for peace  
Whatever you do, whatever you say  
It's coming for you and for me

Hate, disgrace, rotten minds  
Your life ends, save your cries  
Lady death, burning soul  
Dying day, you don't know

From this day on  
Your soul will burn in hell  
You don't know  
I won't tell

As life ends

You lie, you pay the price  
Regretting  
You lose, you die
