I don't believe in you
Fuck off what you're gonna do
Your truth is a lie
I'm gonna shoot your eyes
What do you represent?
Who are your friends?

Fuck you
You mean shit
Fuck you
You mean shit

You make me sick
You make me shit
You make me laugh
You mean hypocrisy

I don't trust you
Call me what you want and fuck you
Your life is a lie
You should open your eyes
What do you represent?
Who are your friends?

Fuck you
You mean shit
Fuck you
You mean shit

You make me sick
You make me shit
You make me laugh
You mean hypocrisy
