"Fire"

Visit "[Fire](#)" on MotoLyrics.com

I'm here representing CL of 2NE1
It's been a long time coming, but they here now
And we about to set the roof on fire, baby (uh oh)
You better get yours, cuz I'm getting mine

*eh eh eh eh eh eh eh eh (2NE1)
Eh eh eh eh eh eh eh eh (you gotta ring the alarm)
Eh eh eh eh eh eh eh eh (it's 2NE1)
Eh eh eh eh eh eh hey hey hey hey

Coming coming coming letting everyone know
I'm in the house gonna be tearing this mother right
down
La la la look out when I be stepping out from the crowd
Ha ha ha hot fire burning till you can't take no more

Not let's move it move it move it till you wanna get
down
Start getting real low real low real low till you down to
the ground
You feel that hot sweat dripping
There's nothing to stop you tonight, tonight oh

Just let the beat take you and lose control
And feel that energy rising out from your hold
So you can't hold back tonight
When you started the fire
Oh oh yeah

**now me me me me me me it's all me tonight
I'm bringing hot hot hot hot hot hot hot hot back tonight
So hot you run out the door, but then run back for some
more
Ya can't get e-e-e-e-e-e enough of me

You got the fire burning around the room room room
You gotta drop it like it's hot
And give out everything you got
Oo that fire that dance to the beat boom boom boom
I gotta drop it like it's hot
Give everything I got

Get up get up get up follow me to the floor
And move your body around till we grinding up a show
Na na na nice girls can have their fun and do like you
do
The mo mo more hot it gets in here, the more they
come thru

I'll bring you down to the end come on and follow follow
me
We're breaking all the rule you set yourself, go on and
let it free
Watching me from the side wont get you in the flow
Cuz it's all about lettin go
Go ahead and get low low low
Let let let let's go

The beat you feel will make you lose control
And get that energy rising out from your hold
So you can't hold back tonight
When you started the fire
Oh oh yeah oh

Repeat **

Repeat *

I'm gonna tell 'em tell 'em tell 'em what it's all about
I'm gonna show 'em show 'em show 'em how to strut it
out x2

Repeat **

And you'll be screaming out my name to let the fire
free
