[CL]I know that you're gonna hate me
For saying these words right now
But I ain't got no choice
I just have to let it out

[MINZY]Cause you see lately something's
Changed in my mind
Seems the fire within me has died
I'm a stranger to myself, don't wanna feel this wa-a-ay

[SANDARA]You're so sweet, so lovely
But even so I let go

[CL]I don't know, I don't know
What's taking over me?

[SANDARA]Your loving arms reach out for me
But even so I let go

[CL]I don't know

[SANDARA]I gotta find my way home

[BOM]Baby I'm sorry even now you're here I'm lonely
I'm so selfish, I ain't worthy of your heart
Wait here, and watch me walk away

[MINZY]I'm sorry, here's the ending to our story
When we're close I still feel like we're worlds apart
I can't stay, cause with you baby
I'm so lonely, lonely, lonely, lonely, lonely
Baby I'm so lonely, lonely, lonely, lonely, lonely

[BOM]Baby I'm so lonely, lonely, lonely, lonely, lonely
Baby I'm so lonely, lonely, lonely, lonely, lonely (eh-eh)

[CL]You didn't create this problem
All of this is my own fault
I can swear to God that I've been ready to break up
from the start

[BOM]When you hold me I feel so out of place
I feel trapped I wanna run away
How come when I'm met by love it makes me weak and
empty?

[SANDARA]You're so sweet, so lovely
But even so I let go

[CL]I don't know, I don't know
What's taking over me?

[SANDARA]Your loving arms reach out for me
But even so I let go

[BOM]I don't know

[SANDARA]I gotta find my way home

[CL]Baby I'm sorry even now you're here I'm lonely
I'm so selfish, I ain't worthy of your heart
Wait here, and watch me walk away

[MINZY]I'm sorry, here's the ending to our story
When we're close I still feel like we're worlds apart
I can't stay, cause with you baby
I'm so lonely, lonely, lonely, lonely, lonely
Baby I'm so lonely, lonely, lonely, lonely, lonely

[CL]Baby I'm so lonely, lonely, lonely, lonely, lonely
Baby I'm so lonely, lonely, lonely, lonely, lonely

[MINZY]Cause I'm just another girl, who's tired of being
lonely

[BOM]I can't take it anymore goodbye

[SANDARA]Cause I'm just another girl

[CL]Who's tired of it all

[BOM]I just cannot stay cause with you baby

[MINZY]I'm so lonely, lonely, lonely, lonely, lonely
Baby I'm so lonely, lonely, lonely, lonely, lonely

[CL]Baby I'm so lonely, lonely, lonely, lonely, lonely
Baby I'm so lonely, lonely, lonely, lonely, lonely (eh-eh)
