Come fly down like a singing bird  
Sings your name, but I am still the same  
Black and white, no, you're not to blame  
Holly swing, put me down to shame

Jack and coke, please take off your coat  
Come and dance, shuffle with a glance  
Come and smile, please stay here awhile  
When you're gone, leaving for the door

Lights in the car in the park  
Falling on my face, I know who we are  
Now I'm looking down for the rest of the night  
Bullet in my head ended late last night

It's in my head...  
My head...

Come face down, lying on the ground  
In record time, your words, they always rhyme  
There's a strange, strange boy with his favorite toy  
In your room..

She's shaking in the car with a gun in her hands  
Falling over love and the sweet romance  
And I ain't never thought it could come down to this  
A bullet in my head with the sweetest kiss

It's in my head..  
It's in my head..  
My head...

She's shaking in the car with the gun in her hands  
Falling over love and this sweet romance  
And I ain't never thought it could come down to this  
A bullet in my head with the sweetest kiss

It's in my head  
It's in my head  
It's in my head  
It's in my head  
It's in my head
