Headlights on a highway
Burning out the midnight sun
I'm not waiting for the one
To come down
Time you wasted
looking for the diamonds in the rough
When you know it's not enough
To go round

Well you're only as good as your last mistake
Yeah you're only as right as the wrong you make
You can run, if you run, and you run
But you'll never escape
Yeah, you'll never escape

Hidin in the faces
Of the people left behind
In your soul and in my mind
In the ground
Living in the memories
of the years that pass us by
Where our demons go to die
In the ground

Headlights on a highway
Burning out the midnight sun
I'm not waiting for the one
To come down
Time you wasted
looking for the diamonds in the rough
When you know it's not enough
To go round

Well you're only as good as your last mistake
Yeah you're only as right as the wrong you make
You can run, if you run, and you run
But you'll never escape
Yeah, you'll never escape

You could come a little closer
But I would wait
You could try a little harder

But never remain
You could wait a little longer
and find a way
But you're only as good as your last mistake

Headlights on a highway
Burning out the midnight sun
I'm not waiting for the one
To come down
Time you wasted
looking for the diamonds in the rough
When you know it's not enough
To go round

Yeah you're only as good as your last mistake
Yeah you're only as right as the wrong you make
You can run, and you run, and you run
But you never escape
Yeah, you'll never escape
