Climb up a mountain
Just to watch it come down
But sooner or later babe
You're gonna need me around

'Cause you're getting older
There ain't no stopping that
It's a backstabbing world, honey
Just lean your head back

The fool in me
It's like a dream, you see
But if the world is right
I'll drive all night, meet you there someday

Six in the morning
Never felt so sweet
Just put on Lucinda, baby
And dance with me

I know I'm hard to count on
Forget half what I'm told
You probably only know my voice

From a goddamn microphone

The fool in me
It's like a dream, you see
But if the world is right
I'll drive all night, meet you there someday

It's a fucking waste
A teenage taste of me
But if daddy cries
Just say goodnight and I'll come

If I could change
And keep away the rain
Well, the sun would shine every night
And I'll come, meet you there someday

The fool in me

It's like a dream, you see
But if the world is right
I'll drive all night, meet you there someday

Meet you there someday
Meet you there someday
Meet you there someday
