I'm hanging on, I'm hurting
I'm backing down, you're starting over
You and I, we've had enough
The wrong side of love

Even if my heart was burning
Wouldn't stop the world from turning over
We've had a lot, I've had enough
The wrong side of

Keep running, baby, don't look back
Keep running down a one way track
You'll be the one to break my heart in two
I'll be the one to take the hit for you

If I had a chance, I'd take it
If I had a heart, I'd break it open
You and I, we've had enough
The wrong side of

Keep running, baby, don't look back
Keep running down a one way track
You'll be the one to break my heart in two
I'll be the one to take the hit for you

You can't walk away
From what your heart knows
And I'm holding on
'Til you let me go
You let me go

And all the dreams I had
They're lost along the way
And all the words you said
That you never meant to say

Well, no one else is gonna love you like I do
Come a little closer, honey, I can't live without you
No one else is gonna love you like I do
No one else, no one else

You can't walk away

From what your heart knows
You can't trade today for tomorrow
And I'm holding on 'til you let me go
'Til you let me go

'Til you let me go
Let me go
