[Andre 3000]

Nothings more attractive than a heavy praying woman
two for him and those and them and defecating on me
(ughh)

(?) and him Andre omen

baby I'm hell save it on bail

crazy I tell you all of this in the middle of a club

where words tend to get thrown around likely like like
love

and friends and rockstars and so and so's a genius

so (?) unless he mean it

her proud like her mother and ooohh momma's sweet

so you just know that juice the fruit aint gon fall too far
from tree

so if we ever whoop the whoop

i want all that (?)

on this nasty carpet (?) fresh on one knee

say I do I do I do I do I do

so we can float up outta here in this hot afternoon

lets put a baby butterfly up in your lil cocoon

and maybe twenty thirty hour baby she'll be (?) making
the whole club swoon

[Andre 3000 Talking]

[Young Jeezy]

I say I see some ladies in here tonight I might marry

goin of the (?) and tron it's too scary

you can have whatever you like, tooth fairy

I'd do anything to leave here tonight with you

I said I do I do I do I do I do
