But not me

Some mc's don't rap it up, hold up a front like they  
really gonna give a fuck, but not me  
Fucken it up and let it run, talkin to much like when they  
hold the blunt  
But not me  
Head up in your sound proof, FUCK, make a mistake  
and take twenty-five takes, but not me  
Talken loud, and they about, what, everything and  
that's so damn free

Im like kasta troy, liven to enjoy  
Consider myself the number one b-boy  
Relate the word, i give a new definition  
Wack on the mic and you got me suspicious  
Smack in the head, wake him up, give a fuck  
When im goin on, get in the mood ima blow the zone  
Its everyday all day, learn it the hard way, i make the  
bet parlay  
Grabbin that ashtray for the blunt and OJ  
Run the game so cold, just like OJ wait your turn  
Everything gonna rotate, locate  
If you focus it'll go straight, smoke this  
And it'll really make your head light, i wont stop when  
successful and set tight  
You wanna jeopardize everything, gamble away, with  
the scissors who don't even bet right yeah right  
See i could never fret, so don't sweat  
The technique cause it's all step by step  
Im like archie, baby, gotta live it by my rep  
There can't be a day in my life i regret  
I can't really help if you see me as a threat  
Kamikaze with no safety net  
When i rap i can see your identification  
Gotta make it clear so there's no mistaken

Some mc's don't rap it up, hold up a front like they  
really gonna give a fuck, but not me  
Fucken it up and let it run, talkin to much like when they  
hold the blunt

But not me  
Head up in your sound proof, FUCK, make a mistake  
and take twenty-five takes, but not me
