I close my eyes, and let the demons in  
To clear my mind from the things that I have seen  
On my knees, Father - please leave the crowd  
And let me out

I lost my way so many times before  
That I forgot just what I'm living for  
I'm in the dark, light's so hard to find...

So now I'm leaving it all behind - I'm changing skin

My angry tears like raindrops in the dust  
I realized there's no one you can trust  
Shot in the back sinking in the night  
That's how I'm leaving it all behind - I'm changing skin
