(Maybe someday you should get run over or something)

By a tricycle

(That's what I pray for every night)

And ten more bicycles, yeah every night  
I don't like the bitch, I hate the bitch, you know, fuck the bitch

Now, before I start rapping, I must warn ya'  
I just washed two mushrooms down with some orange juice,  
I was thizzin when I wrote this, forgive me if it goes astray  
It's just one of the many dumb flows of Dre

I'm trying to see "G"s  
Play these hos like CDs,  
Old school like the Bee Gees, Billy Green and some Wheaties  
You don't want to see these, I don't give no freebees  
Ho, this dick cost,  
What you thought I fucked with stingies?  
Give me, send me, bring me what u got,  
Then baby maybe I'll love you like my 2 glocks,  
I'm too hot, I do not fuck with no havers,  
I'm a Crest side cutthroat, cold toe tagger,  
I ho capture, then keep 'em in captivity  
You aint knowing bout that niggity, driggity, and diggity

I mob like Durango, seat tilted, lay low, boy  
I bring heat like one hot jalapeno,  
I mob like Durango, seat tilted, lay low, boy  
I bring heat like one hot jalapeno,

Smoov with the groove, when I run right thru, and boy I might just pull it,  
With all black hat, and fat dope sack, bring heat just like a bullet,

I got all new fits and a brand new bitch,  
This girl, dick's a no-no, so  
I pick up a bottle of Captain Morgan's' and took her to  
the mo- mo  
I had to hit the cho cho,  
Boy this aint no ho stroll  
But in my town these girls get clowned, the first name  
is BoBo  
Can't shake E or break E, stay around like a 12 day  
hickey  
Girl it's tasty, like lacey took it all like a wide mouth  
Mickey

I mob like Durango, seat tilted, lay low, boy  
I bring heat like one hot jalapeno,  
I mob like Durango, seat tilted, lay low, boy  
I bring heat like one hot jalapeno

This game gets sticky  
These hos get tricky  
Ya boy gets picky  
I hang with Nicky  
And cats like Mac Dre  
We dress in khaki  
That back up band they shows how much this rap pay  
We kicks with Mary, Jane and Judy,  
Mouthpiece like Larry 'cuz getting ass is my duty  
Don't trip or slip, just do my thang,  
Smooov pimped out like a pinky rang

I mob like Durango, seat tilted, lay low, boy  
I bring heat like one hot jalapeno,  
I mob like Durango, seat tilted, lay low, boy  
I bring heat like one hot jalapeno

Something got happen, something definitely got to  
happen.  
A ho should get ranned the fuck over, I never did like  
the bitch,  
I mean I never liked-ed the bitch ya were the one  
hooping n hollering about the bitch,  
Fuck the bitch! Fuck the bitch!
