I'm walking along the street
I'm drowning inside in tears
Nevermind, I'll be your ride

You stepped over all my dreams
You don't understand my fears
But in time, I will survive

(Hayati, hayoni, hawea hanuma hayati
Hanatu, oh, ah--)

I'm walking along the street
I'm drowning inside, and dear...*
Nevermind, I'll be your ride

You stepped over all my dreams
You don't understand my fear
But in time, I will survive

(Hayati, hayoni, hawea hanuma hayati
Hanatu, oh, ah--)

Submitter's comments:Â

The chorus is not English, but I don't know what language it is. The very last part almost sounds like, "I'll be on..." but is impossible to decipher.

*I bet she actually sings "drowning inside in TEAR" (not grammatically correct), but it could also be 'dear', which might make less sense...
