Rinunciare a vivere  
Resta qua se ti va  
Non pensare, abbracciami  
Lasciami sognare  
La tua pelle morbida  
Voglio accarezzare  
E finche non avro  
Anche lanima  
Io saro sempe  
Sulla tua scia  
Non puoi fuggire  
Perche ti voglio  
Perche mi vuoi  
Un mondo si apre  
Intorno a noi

E se vorrai crederlo  
Io saro langelo  
Che non ti abbandonera  
Quando sul tuo viso  
Non vedra risplendere  
Dolce il tuo sorriso  
E finche non avro  
Anche lanima  
Io saro sempre  
Sulla tua scia  
Non puoi fuggire  
Perche ti voglio  
Perche mi vuoi  
Tutto sarai per me

Perche ti voglio  
Perche mi vuoi  
Un mondo si apre intorno a noi  
Un mondo si apre intorno a noi

-----  
Whats the use of crying  
And denying what you feel  
Stay here if you will

But dont think, just hold me  
Let me dream  
Of your velvet skin  
Skin that I yearn to caress  
And for as long as  
Youre unable to give yourself  
I shall never give up trying  
Its pointless to run away  
Because youre mine  
Because I want you  
And because you want me  
A world is opening  
Around us

And if it makes you happy  
I shall be your guardian angel  
Never, ever to leave you  
Even when I cannot see  
Your sweet smile  
Lighting up your face  
And for as long as  
Youre unable to give yourself  
I shall never give up trying  
Its pointless to run away  
Because youre mine  
Because I want you  
And because you want me  
Youll be everything to me

Because I want you  
And because you want me  
A world is opening around us  
A world is opening around us
