You cannot sing but I do like your song
Your words are empty and yet they turn me on
I go to church have to apologize
For all the thoughts I have I falsely idolize

You're amazing something
beautiful's passed into my world
And I don't have the fight to hide it
Amazing something
beautiful's passed into my world
And I don't have the fight to hide it

I lie awake at night
and watch you sleep
And wonder why someone so terrible is next to me
My body ravaged and my brain laid off
With no week's notice no final salary

You're amazing something
beautiful's passed into my my world
And I don't have the fight to hide it
Amazing something
beautiful's passed into my world
And I don't have the fight to hide it

You're amazing something
beautiful's passed into my my world
And I don't have the fight to hide it
Amazing something
beautiful's passed into my world
And I don't have the fight to hide it

You're amazing something
beautiful's passed into my my world
And I don't have the fight to hide it
Amazing something
beautiful's passed into my world
And I don't have the fight to hide it

Amazing something
beautiful's passed into my my world

And I don't have the fight to hide it
Amazing something
beautiful's passed into my world
And I don't have the fight to hide it
