Anywhere with you tonight
Any place you like to go
Finger tips like satellites
Baby it's a private show
So tell me what you want
Tell me what you need
Tell me everything tonight..
Don't be afraid
Tell me what you want
Tell me what you need
Tell me everything
To make things right
Do you feel my love
Do you feel my energy
Feel this part of me
Slowly less will turn to more
Ambition strikes out any doubt
You don't know until it scores
What my embrace is all about
Do you feel my love
Do you feel my energy
Feel this part of me stuck in you
This part of me submerged into you..
Do you feel.. do you feel..
So tell me what you want
Tell me what you need
Tell me everything tonight..
Don't be afraid
Ooh lover.. ooh lover
Anywhere with you tonight
We don't need no alibi
It's only me and you.. and god
As the waves collide
