"Something From Nothing"

Visit "[Something From Nothing](#)" on MotoLyrics.com

This gotta be the first time i really see
how much you mean to me this gotta be the first time i
really know
how much i ought show

If i could give you something from empty space
i would use my voice to put a smile on your face
making something from nothing is what i do
and i will give it to you
and now i'll give it to you

This gotta be the first time i really am
what you think of me
this gotta be the first time i really feel that this love
could be real

If i could give you something from empty space
i would use my voice to put a smile on you face
making something from nothing is what i do
and i will give it to you
and i will give it to you
and i will give it to you
(you know i'll give it to you...)
and i'm gonna give it to you
i will give it to you
and now i'll give it to you

its so hard to describe exactly what i feel indside
like im filled with stars
letting go of time
accepting the changes
so the world can stay the same
forcing myself not to be playing games
its so hard to describe exactly what i feel indside
like im filled with stars
letting go of time
accepting the changes
so the world can stay the same
forcing myself not to be playing games
cause we are used to use each other
and i am used to
fool my lovers

If i could give you something from empty space
i would use my voice to put a smile on you face
making something from nothing is what i do
and i am gonna give it to you
you know i give it to you

If i could give you something from empty space
i would use my voice to put a smile on you face
making something from nothing is what i do
