I wish that I could write a song  
And take your breath away  
But I don't know how to do it  
And I don't know what to say  
I just know one day I'll do it  
And I'll say there's nothing to it  
And I'll write a thousand more

But I finally found what I was looking for  
You're everything I was looking for and so much more  
No one has ever made me feel this way before  
Only you  
Only you  
Only you  
I love you

One day we'll look back  
And we'll see what love has done  
But right now I'm lookin' forward  
And life sure looks like fun  
And I feel like I'm in a game and I've already won  
The greatest prize with the loveliest size  
And by your side

Well I finally found what I was looking for  
You're everything I was lookin' for and so much more  
No one has ever made me feel this way before  
Only you  
Only you

Only you  
I love you

Don't you miss me  
'Cause don't you know  
I'm thinkin' of you  
Thinkin' of you  
All my days are a mystic haze  
When I'm thinkin' of you  
Thinkin' of you  
My whole life I will be  
Thinkin' of you

Thinkin' of you

Well I finally found what I was looking for  
You're everything I was hoping for and so much more  
No one has ever made me feel this way before  
Only you  
Only you  
Only you  
I love you

Lately it's been long to find the words to say  
'Cause every night before I go to bed  
You know I pray  
That we'll be together for ever and a day  
Everything will be okay

Well I finally found what I was looking for  
You're everything I was hoping for and so much more  
No one has ever made me feel this way before  
We're gonna make it after all
