My dewy-eyed disney bride what has tried / swapping  
your blood with formaldehyde? / Monsters? / Whiskey-  
plied voices cried fratricide! / Jesus don't you know that  
you coulda died shoulda died / with the monsters what  
talk / monsters what walk the earth / she's got red  
lipstick / and a bright pair of shoes / she's got knee  
high socks / what to cover a bruise / she's got an old  
death kit / she's been meaning to use / she's got blood  
in her eyes in her eyes for you / she's got blood in her  
eyes for you / certain fads, stripes and plaids singles  
ads / run you hot and cold like a rheostat I mean a  
thermostat / so you bite on a towel / hope it won't hurt  
too bad / she says I like long walks and sci-fi movies /  
you're six foot tall and east coast bred / some lonely  
night we can get together / and I'm gonna tie your  
wrists with leather / and drill a tiny hole into your head
