Well you sure didn't look like you were having any fun /
with that heavy-metal gaze they'll have to measure in
tons / and when you look up at the sky / all you see are
zeros / all you see are zeros and ones / you took my
hand and lead me down to watch a kewpie doll parade
/ we let the kittens lick our hair and drank our chalky
lemonade / it's not that I just didn't care I must admit I
was afraid / and I'm awfully glad my finger's resting
gently on the masterfade / the masterfade / I coulda
played along / the masterfade / I coulda played Mah
Jongg / but it just takes too long / and I just can't
remember / which way the east wind blows does it
matter? / If we're all matter/ what's it matter does it
matter / if we're all matter when we're done? / when the
sky is full of zeros and ones / I saw you standing all
alone in the electrostatic rain / I thought at last I'd
found a situation you can't explain / with GPS you know
it's all just a matter of degrees / your happiness won't
find you underneath that canopy of trees / if the green
grass is 6 the soybeans are 7 / the junebugs are 8 the
weeds and thistles are 11 / and if the 1s just hold thier
place the 0s a smiley face / when they come floating
down from the heavens / you took my hand and lead
me down to watch a papillon parade / we let the kittens
lick our hair and drank our chalky lemonade / you
squeezed my hand and told me softly that I shouldn't
be afraid / 'cause all the while your finger's resting
gently on the masterfade / the masterfade / I coulda
played along / the masterfade / I coulda played Mah
Jongg / but it just takes too long / and who the hell can
remember / which way the east wind blows / when your
lying on the ground / staring up at an inverted compass
/ I mean Christ who Knows?
