I am white and I've got everything I need.  
No one clutches their purse when they're in a room  
alone with me  
And I can drive through any neighborhood  
I please at any hour and the police don't do a thing.  
So if I see a penny on the ground,  
I leave it alone or fucking flip it.  
I'm a straight white male in America.  
I've got all the luck I need.  
I'm a guy getting paid more than a girl with a degree  
And I can walk down the street at night and no one  
wants to rape me.  
And I can get a girl pregnant and just as easily flee.  
Just like my straight, white male dad did to me.  
So if I see a penny on the ground,  
I leave it alone or fucking flip it.  
I'm a straight white male in America.  
I've got all the luck I need.  
I've got a pile of broken mirrors and I'm walking under  
ladders  
And I'll spill a ton of salt because to me that doesn't  
matter.  
Cus my skin and my gender and my orientation  
Are the best things to have when you live in this nation.  
I recommend it highly.  
So if I see a penny on the ground,  
I leave it alone or fucking flip it.  
I'm a straight white male in America.  
I've got all the luck I need.  
Shit's gonna work out for me.  
I'm a straight white male in America.  
I've got all the luck I need.
