Take my hand  
Reachin' to my soul.  
Have you ever found  
Anything so pure before?

I touched your hand  
You lost control.  
Do you really want me to  
Break down and cry?

She was just a little girl  
She didn't know how to say "stop"  
She was just a little girl  
Please raise your hand when you had enough  
She was just a little girl  
She didn't know how to say "stop"  
She was just a little girl

Where do all the little girls go (and)  
They're ain't save at night  
Where do all the little girls go and  
Bounced 'em by mister right

Take your time  
Look into my eyes  
Have you ever seen  
Anything so pure before?

She was just a little girl  
She didn't know how to say "stop"  
She was just a little girl  
Please raise your hand when you had enough  
She was just a little girl  
She didn't know how to say "stop"  
She was just a little girl

Where do all the little girls go (and)  
They're ain't save at night  
Where do all the little girls go and  
Bounced 'em by mister right

Where do all the little girls go (and)  
They're ain't save at night  
Where do all the little girls go and  
Bounced 'em by mister right

Where do all the little girls go (and)  
They're ain't save at night  
Where do all the little girls go and  
Bounced 'em by mister right

Why?  
Why?  
Why say stop?  
I had had enough  
Stop
