I wanna know what it's like
To live in London
Move to Paris
And learn what love is
But only if you come with me

I wanna know what it's like
To struggle in New York
Tiny apartment
Barely for 2 oh
But only if you go with me

So won't you come with me
Won't you come with me
Won't you come with me
Cause you never know until you try
And I wanna know what it's like
I wanna know what it's like

And if we leave here tonight
Fly to LA
We both waiters
Til we're famous
But even if we don't make it I

Still wanna know what it's like
To travel the world
You 'n me and our backpacks
With nothing til we get back
Except for memories 'n faces and pictures that we
laugh at

So won't you come with me
Won't you come with me
Won't you come with me
Cause you never know until you try
And I wanna know what it's like
I wanna know what it's like yeah

No plans we make it up as we go
You know that's how we do it we make it up as we go
Explore each other

One way or another

So won't you come with me
Won't you come with me
Won't you come with me
Cause you never know until you try
And I wanna know what it's like
I wanna know what it's like

Cause you never ever knew, never ever know
You never ever know, never ever know
You never ever know until you try
I wanna know what it's like mmmm yeah yeah
And I wanna know what it's like
And there's a thousand children laughing in my
eyes
So don't be scared just come come with me
You just gotta go with it and jump into your life
I can think of six impossible things before breakfast we
should do
