Like I am hurting
Like I am bleeding
I am covering up inside
I am loosing what I believe in
I am ready to start a fight
I know how you played it
You gambled with my faith
Like I'm hunted and I'm speeding
All I got to protect my light

There's a secret city in my mind
Where I like to go
There is a sacred place inside of me
That nobody knows
All these dreams are born to free myself
I just wanna go to the place
Where the wild roses grow

No more hurting
Yes I'm leaving
All I want is to stop this crime
I am losing what I believe in
I am ready to leave tonight
I am lonely I feel broken
You're the thief that stole my life
I know I'm stronger
All I got to let go tonight

There's a secret city in my mind
Where I like to go
There is a sacred place inside of me
That nobody knows
All these dreams are born to free myself
I just wanna go to the place
Where the wild roses grow

There's a secret city in my mind
Where I like to go
There is a sacred place inside of me
That nobody knows
All my dreams are born to free myself
I just wanna go to the place

Where the wild roses grow
