Isabella, I love You,  
Everything that I Can Do,  
The World Is Open To You,  
The Sun, the stars above,  
Its all for you,  
And all my love

Isabella, I Love You  
Isabella, I Love You

Let go of every doubt,  
Youve got nothing to worry about,  
Theres shelter in my arms,  
My love for you will keep you warm,

And when the night is dark and long  
And the worriesworries of life are stong,

Weve all been there honey,  
And youre never alone

Never alone  
Never alone  
Never alone

Isabella, I love You,  
Fields of life, lie in front of you,  
Like the sun rise, into the skies of blue,  
Shine with the stars,  
Like you light up the room,  
Your never alone,  
Im walking with you,  
Isabella
