Its hard to let it go,
Find the roads that werent shown
Hearts get broken stones get thrown,
Ill lend the thread, the tears get sewn,
Sow the seeds of love, watch her grow,
Let your arms fall, just let it go

Lie with me if I cant stand,
Take it baby, take my hand.
(Bridge): A little faith is contagious,
A little faith can turn the page,
A little faith can clear the stain away,
A little faith is all it takes

A Little faith

Its hard to let it go,
Find the roads that arent shown,
Fingers bleed
