Its been a long lonely night,
Its been a long, long, lonely night,
Searching for something,
That I just dont know,
Its like smoke in a window,
Its like the wind blows.

And its hard to tell, emotion from the truth,
Sometimes theres nothing, to hold on to.
In a longlonely night.

Its been a long, long lonely night,
A long, lonely night.

Just sitting here,
Watching the rain fall,
Drops like a melody, in the window,
In the glass, im a shadow

And its hard to tell,
Emotion from the truth,
Sometimes theres nothing to hold on to.
In a long lonely night,
Long, long, lonely night,
Long, long, lonely night,
Lonely night

Bridge:When I look at that child,
I remember why,
The darkness turns to light,
Nothings gonna come between,
The innocence of my little girls dreams,

No one gets closer to me, yeah,
We all got wounds and some run deep,
In a long lonely night,
Long, long lonely night,

Its hard to tell, emotion from the truth,
Sometimes theres nothing to hold onto.

In a long, long lonely night (repeated 5 times)
