Sit back breath it all in,  
Everybodys leaving,  
I need to get my things,  
What do you mean, say it again, are you holding out on  
me?

It doesnt go away,  
Its not some dirt you sweep away,  
Im sorry  
I didnt mean to be born, born this waythis way

I found a place (4 times)  
Of reckoning,  
The beast is in the sling,  
You can break the fuckers back,  
But only time, can heal the stingheal it.

Bridge: Made my stand Ill move if you dont need me,  
My eyes are clear, the view up here, it takes your  
breath away  
Made my stand, Ill move if you dont need me,  
My eyes are clear, the view up here..  
It takes your breath away,  
It takes your breath away,  
It takes your breath away

I understand, that youre tired of waiting,  
And time is patient,  
And if its the end,  
Then its time  
To begin,  
Then its time  
To begin!

Cuz I found a place of reckoning, reckoning, reckoning,  
And I found it  
And I found it  
(Repeated 16 times)

Of reckoning
