If your heart is breaking,
Let it break
If its a mistake your making,
Let it make

When you look in the mirror,
And you dont like what you see,
Nothing lasts forever,
Its all gonna work out perfectly,

Its gonna turn
Its gonna turn around

When the world has got you down,
Its gonna turn around,

You might ask the question,
And the answers not what you thought it would be,
You might beg for mercy, beg for mercy,

Get no sympathy,

When you wake up in the morning,
And you cant find your feed,
Theres a weight on your shoulders,
We all feel the gravity,

When the world has got you down,
Its gonn turn around,

I wouldnt say it, if I didnt feel,
The steel against my skin,
Dont believe in much,
Bet when I do it means,
Everything

Its gonna turn around,
When the world has got you down,
Its gonna turn around
