Tonight I'm stuck in the dream
Where we are together, we are together

So lets hold each other tight
And act like we never, act like we never
Gave up on what we had spring time of last year,
spring time of last year

When I never got the chance to say
That I, I love you so,
I, I love you so,
I love you so

So lets visit all of the places
We used to go then, we used to go then
We'll walk through this town in the night
And we will pretend, and we will pretend

That nothing ever came between
What we had then
And I swear, this time
I'll say

That I, I love you so,
I, I love you so,
I, I love you so,
I love you so

In one more hour this night and dream
Will be over, it will be over
So lets carve our names right here
And we'll last forever, we'll last forever

Cause I, I love you so,
I, I love you so,
I, I love you so,
I love you so
