Gustave: Mother, please
I'm scared
What a dream
An awful dream
Someone strange and mad
Seething me and drowning me

Christine: Shh, Gustave, it's alright.
Come and meet
A friend of mine

Phantom: Welcome to my world
My friend

Christine: Gustave, this is Mr. Y

Gustave: This place is yours?

Phantom: Every inch of it
Tell me where you'd like to go
Tell me what you'd like to see
I can grant any wish

Gustave: Could you show me
If you please
All the island's mysteries
All that's strange
And wild and dark
In the shadows of the park

Phantom: You shall see it all tomorrow
I promise

Christine: Back to sleep now, Gustave

Gustave: Yes, mother
