Only you have to power to move me  
And together we'll make the whole  
World move in sympathy  
But i could see befor  
Only you have the power to move me  
Take me hold me mold me  
Change me and improve  
It's not funny any more  
There was I wondering why  
Every days a peer into the distance  
Now with you the light is shining through  
You gave me life not just existance  
Only you have the power to move me  
And together we'll make the whole  
World move in sympathy  
Only you have the power to move me  
There was I wondering why  
Every days a peer into the distance  
Now with you the light is shining through  
You gave me life not just existance  
Only you have the power to move me  
And together we'll make the whole  
World move in symphy  
Bright'in up the darkest sky  
If only you use the power to move me  
Take me hold me mould me  
Change me and improve me  
We can make it happen you and I
