Ring out the old, bring in the new
A midnight wish to share with you
Your lips are warm, my head is light
Were we in love before tonight?

Oh, I don't need a crowded ballroom
Everything I need is here
If you're with me next year will be
The perfect year

No need to hear the music play
You eyes say all there is to say
The stars can fade and they can shine
Long as your face is next to mine

I don't need a crowded ball room
Everything I need is here
If you're with me next year will be
The perfect year

We don't need a crowded ballroom
Everything we need is here
If you're with me next year will be
The perfect year

It's new year's eve and hopes are high
Dance one year in, kiss one goodbye
Another chance, another start
So many dreams to tease the heart

We don't need a crowded ballroom
Everything we need is here
And face to face we will embrace
The perfect year

Oh, we don't need a crowded ballroom
Everything we need is here
So face to face we shall embrace
The perfect year
Ooho, aha, the perfect year
