We've been sitting on the fence for far too long

Why let him upset us?  
Caiaphas, let him be  
All those imbeciles will see  
He really doesn't matter

Jesus is important  
We've let him go his way before  
And while he starts a major war  
We theorize and chatter

He's just another scripture  
Thumping hack from Galilee

The difference is they call him King  
The difference frightens me  
What about the Romans?  
When they see King Jesus crowned  
Do you think they'll stand around  
Cheering and applauding?

What about our people?  
If they see we've lost our nerve

Don't you think that they deserve  
Something more rewarding?

They've got what they want  
They think so, anyway  
If he's what they want  
Why take their toy away?  
He's a craze

Put yourself in my place  
I can hardly step aside  
Can not let my hands be tied  
I am law and order

What about our priesthood?  
Don't you see that we could fall?  
If we are to last at all

We can not be divided

Then say so to the council  
But don't rely on subtlety  
Frighten them or they won't see

Then we are decided  
Then we are decided
