PHANTOM

Wandering child so lost, so helpless
Yearning for my guidance

CHRISTINE

Angel or father, friend or phantom?
Who is there staring?

PHANTOM

Have you forgotten your angel?

CHRISTINE

Angel, o speak, what endless longings
Echo in this whisper?

PHANTOM

Too long you've wandered in winter
Far from my fathering gaze

CHRISTINE

Wildly my mind beats against you

PHANTOM

You resist

PHANTOM/CHRISTINE

Yet the soul obeys
Angel of music
You've/I've denied me/you
Turning from true beauty
Angel of music
My protector/Do not shun me
Come to your/me angel of music

PHANTOM

I am your angel of music
Come to me Angel of music
I am your Angel of music
