As I walk aorund today  
I see couples hand in hand  
some are kissing  
some are hugging  
and others are just holding each other  
As I look at my reflection  
I see just one person  
alone  
on my own  
Sure I've got lots of friends  
some, closer than others  
but when it comes to dates and relationships

friends can't help you  
you're on your own  
on my own  
all I ask for is a great person  
All I ask is for her to care  
Someone to tell everything  
Someone to lay next to all night  
and to hold in my arms  
as I walk around today  
I see Im on my own
