with these hands by AndrÃ© Hazes  
With these hands I will cling to you  
Oh I am yours forever and a heeeee  
With these hands I'll bring to you  
Intender love as warm as May oh ye

With these heart I will sing to you  
Long after stars ever lost the glow and  
With these hands I'll provide for you  
Should there be a storm in sea I'll turn the time for you  
And I'll never oh no I'll never I never let you go

With these heart I, I will sing to you  
Long after stars ever lost the glow and  
With these hands I'll provide for you  
Should there be a storm in sea I'll turn the time for you  
And I'll never oh no I'll never let you go
