As prisimenu gerai tave  
Tas maishtingas ir sviesias akis  
Ar pasidavei tu jau ar ne  
Ar tebedega jose ugnis

Neuzgesk tiktai neuzgesk  
Man skaudu bus tave prarast  
Neuzgesk tiktai neuzgesk  
Man skaudu bus tave prarast

Tavo zodziai vis dar pas mane  
Jie man primena kad moku skris  
Ar danguj as busiu ar dugne  
As tik noriu pas tave sugryzt  
Neuzgesk tiktai neuzgesk  
Man skaudu bus tave prarast  
Neuzgesk tiktai neuzgesk  
Man skaudu bus tave prarast

Si akimirka labai trumpa  
Ji trumpa jei tu mane girdi  
As galiu liepsnoti bet kada  
Tik del to kad tu kazkur esi

Neuzgesk tiktai neuzgesk  
Man skaudu bus tave prarast  
Neuzgesk tiktai neuzgesk  
Man skaudu bus tave prarast
