Tu busi toli tavo balsa vejas atnes  
Tu busi toli as klajosiu tylus po gatves  
Tu busi toli saule mano minciu nelies  
Tu busi toli as pamesiu pradus vilties

Ranka istiesk  
Krentanciam pauksciui veida atsuk  
Gestanciai saulei mano daina  
Numirusiai meilei nesuprantama  
Nemylinciai sielai

Kai busi toli mano plaukus vejas kedens  
Kai busi toli nebeskirsiu ziemos nuo rudens  
Kai busi toli neieskosiu kitu akiu  
Kai busi toli as prarasiu tai ka turiu

Viens du trys
