I'll be sleeping in the van tonight  
Say a little prayer  
I've done all that I can, I just can't get home  
I won't be there  
So wrap your love around me  
And rock this boy to sleep  
If I die before I wake  
My soul is yours to keep

I've worked as hard as any man can work  
Hard as a man can work I worked today  
But tonight I'll be sleeping in a van  
Sleeping in the van

Have you seen this moon that's out tonight?  
It followed me here  
Pulled up beside me off this dusty old road  
And made the place a midnight clear  
I'll make no wish upon it  
And I'll rock myself to sleep  
You and me, we're gonna have a better life, baby  
And that's a promise I plan to keep

I'll work as hard as any man can work  
Hard as a man can work I'll work the days  
For the nights and no more sleeping in a van
