Oooooooooohhh.

(ah, ah, ah, ah)

Here I am (uh huh)
I've been waiting for so long
I did something that was very, very wrong
You knew the lessons that I need to learn about
So take my toys away and give me time-out

Oopsie daisy I've been bad
Messed up everything we had
Naughty baby did a no no
Won't you spank me like my dad
Well I guess I'll play the fool
Better keep me after school
Naughty baby did a no no
Come on touch me (make me drool!)

(ooooooooohhh, naughty baby did a no no, oh oh)

Naughty baby did a no no, oh oh.

Attention! Attention all students of the male pervasion!
Lend me your ears, also your scrotal sacs
'Cause there's been an outbreak of testicular cancer
And I need everyone to line up one by one
And turn and cough so I can test you with my fingers
You heard me (turn and cough!)

Naughty baby did a no no (oh oh)
(ooooooooohhhh)
Naughty baby did a no no, (oh oh)
You knew the lessons that I need to learn about
So take my toys away and give me time
out(ooooooooohh)
