In a world of make-believe
Talks a lot, but can't you see
It means more to you than me
Than me

Think before you speculate
Take the fear that you create
Don't assume we're so afraid of them

And you say
Na na na na...
Na na na na...

If you stop and disappear
Doesn't sound I watch you here
When dreaming takes you where you want to be
Don't follow the status quo
Picture where you'd like to go
Take your time but always know you're there

And you say
Na na na na...
Na na na na...
Na na na na...

This message is for all the people
That people who are always waiting
This message is for all the people
That people who are always waiting
Waiting, waiting, waiting, waiting, waiting, waiting

This message is for all the people
That people who are always waiting
This message is for all the people
That people who are always waiting
Waiting, waiting, waiting, waiting, waiting, waiting

This message is for all the people
That people who are always waiting
This message is for all the people
That people who are always waiting

Waiting, waiting, waiting, waiting
