She will intoxicate your mind
Like an autumn afternoon
Weaker than the leaves that fall so loud
Against the glass outside your room
You sigh out loud and wonder
Whatever happened here?
Did all those vows we traded
Somehow disappear?

And as I slowly fade away
All my colour turns to grey
Heading for a darker day...

In all your games I've played a fool
Kissed you up and breaking rules
Build up a case for higher ground
Selfish walls come crashing down
All lies and propaganda
Condemn the Saints to Hell
End all communication
You burn your bridges well!

And as I slowly fade away
All my colour turns to grey
Heading for a darker day...

Love seems to be the luxury
My blackened heart cannot afford
There is no point in pursuing
A dream that leaves you poor
Why did you kill your flowers
When they began to bloom?
I wish there's something I could do
To save yourself from you!

And as I slowly fade away
All my colour turns to grey
Heading for a darker day...
