She used to call me baby  
Then she stopped calling me at all  
This girl was kind of shady  
She hooked up with this fella  
He pumped her up to get the drawz  
Now she want me back I'm like "naw"

Went mine you go your way  
Don't stalk and be at my doorway  
Like Troy you don't get no play  
Don't call me I don't want no date  
I got a wife Genuine like Sole'  
Talk about me I don't care so hate  
You just want my dough you're so fake  
Do whatever you want just go away  
Cause...

(Chorus:)

I got too much on my mind (I shouldn't be thinking bout'  
you)  
You take too much of my time (I shouldn't be thinking  
bout' you)  
Call and you aggravate me (I shouldn't be thinking  
bout' you)  
Fed up I had it baby (I shouldn't be thinking bout' you)

I shouldn't be thinking bout' you (2x)

My ex never listens  
She's so dramatic when she calls  
Got my baby's mama trippin'  
When I'm in traffic dippin'

Or if she see me at the mall  
I act like she ain't there at all

Those theatrics you do  
I don't buy when you cry boo hoo  
Baby I'ma do me you do you  
Don't wanna get back, get that, we're through  
If you sad the store got tissues  
But I ain't finna deal with your issues

You ain't winning this time so just lose  
You're really making me sick as the flu  
And...

(Repeat Chorus)

Lil' mama understand  
You can't just call my man  
Get you another plan

I'm tired of thinking bout' you

Don't show up at our home  
Stay off my telephone  
Just want to be left alone

I shouldn't be thinking bout' you

You better cut it out  
Stop crying shut your mouth  
Give it up let it go  
He don't want you no mo'  
You need to get a life  
Got it wrong, get it right  
Go on, leave us alone  
Can't let you come and ruin our happy home
